Experience

SWORN CLERK | COURT OF JUSTICE OF THE STATE OF PARANÁ | MARCH 2015 - PRESENT

- I work as a sworn clerk at the Civil Court of São Mateus do Sul, Paraná. I am a professional authorized to perform legal and administrative tasks within the court system, including drafting documents, recording proceedings, and providing support to judges and attorneys. I have also contributed to the digitization of lawsuits, which resulted in a remarkable 48% reduction in processing time.

DEVELOPER | PETNATION | AUGUST 2022

- Website where users can register pets and contact information to generate a QR code that leads to the specific pet page. Inside the website, you can also register pets for adoption and view a list of pets available for adoption.
- My friend and I developed this web app using SCRUM Azure Boards. The technologies employed were TypeScript, React, Material-UI, Java, Spring Boot, Authentication with JWT, MySQL, and Firebase.

DEVELOPER | PERSONAL PROJECTS

- Lobby Simulator (<https://lobby-simulator.vercel.app/>) was a fun project that I developed to learn web-sockets. It's essentially a real-time chat app with different rooms for chatting. I utilized NextJS, Tailwind, and socket.io. Additionally, I wrote the back end using NodeJS and Express, which significantly improved my TypeScript skills.
- I have also written some projects to assist me at work, as well as several fun projects aimed at consolidating my knowledge of technologies such as Java, Spring Boot, GraphQL, Prisma, Go, Docker, and others.

Skills & Abilities

- FRONT END: React, NextJS, Redux, JavaScript, TypeScript, HTML, CSS, Tailwind, Material UI, Chakra UI, ReactNative, Apollo Client and Jest.
- BACK END: NodeJS, Express, GraphQL, Prisma, Go, Java, Spring Boot, SQL, NoSQL and JUnit.
- DEVOPS SKILLS: Git, Github, Docker and CI/CD.
- LANGUAGES: Native Portuguese speaker; Fluent in English
